

PEACE WOULD NOT BE PERMANENT

Havana Business Men Ridicule Efforts to Settle the Trouble in Cuba.

HOPING FOR INTERVENTION

SOME GOVERNMENT OFFICIALS SAY LIKEWISE.

Havana, Sept. 6.—While the peace projects have caused a general suspension of revolutionary operations no appreciable progress toward anything like a satisfactory understanding has been made. The liberal leaders insist that it is unjust to regard them as insurgents, and assert that they are merely seeking peace. But they declare that not only must the terms be better than heretofore talked of, but that there must be some guaranty that the conditions will be carried out.

General Menocal Busy.
General Menocal was busy throughout today holding conferences. He said tonight he has no reason to be disappointed with the progress of the negotiations, and that the semi-official suspension of hostilities which began today in Santa Clara and Havana provinces would be extended tomorrow to Pinar del Rio, giving the veterans a chance to push negotiations for peace.

The demands that come from the insurgents include the restoration of deserters from the rural guards to their former positions, the reinstatement of liberals who last year were deposed from municipal offices, the retention of arms by the insurgents and other equally radical propositions.

Hope to Ditch Palma.
The liberals have not yet relinquished the hope that they are able to force the resignation of President Palma and all the high government officials. The succession of Vice President Mendez Calvo to the presidency is also discussed. The liberals seem to think they could reach an understanding with him. There is nothing to indicate that Mendez Calvo is a party to this project.

Many business men of Havana ridicule what they call a "patched-up peace," which they allege can be only temporary. Some go so far as to assert that the country never can be governed rightly or investments be absolutely safeguarded unless the United States intervenes. This is frankly stated in some cases also by high government officials.

DASHED TO DEATH BELOW

Inexperienced Balloonist Loses His Life While Performing at Kansas County Fair.

Oskaloosa, Kan., Sept. 6.—In full view of a crowd of 2,000 spectators at the Jefferson county fair here today, Jerry Turner, an inexperienced balloonist, fell 200 feet from a tangle below. When 200 feet from the ground, while swinging with both hands, one was seen to loosen and he clung by the left hand, struggling to regain hold with his right hand, but his strength becoming exhausted, he fell head downward, the head breaking the neck, jaw, left arm, collarbone and both wrists. Notwithstanding the appalling accident, another performer has engaged to make an ascent tomorrow at the fair.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remain unnoted. A hasty eaten meal and its resultant headache may cause us social and financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol for Dyspepsia. WARSHIPS COMING HOME.

Places on Asiatic Station Will Be Filled by Cruisers.

Washington, Sept. 6.—The navy department has decided to concentrate all the battleships in the navy on the home stations and to replace those on the Asiatic station with armored cruisers. In accordance with this policy the battleships Ohio and Wisconsin, which have been in Chinese waters for several months past, have started back to the United States. The Ohio sailed from She Foo yesterday for Hampton Roads. She will stop at Cavite and then cross the Isthmus of Panama. When the Ohio has been overhauled and repaired she will be added to the battleship division of the Atlantic fleet. The Wisconsin is returning by the Pacific route and will be added to the Pacific fleet. She arrived at Kobe, Japan, yesterday, and from there will sail for Honolulu. She is bound for the naval station in Puget sound.

The increase will involve an additional expenditure of \$70,000 a month by the company.

District Attorney Recommends Mercy in Case of Gordon, Who Killed Peteline.

PRISONER PLEADS GUILTY

RECEIVER IS ASKED FOR GILES-AMERICAN CONCERN.

James Gordon, the convict in the state prison who struck Joe Peteline, a fellow convict, over the head with a club and killed him a few weeks ago, pleaded guilty before Judge Armstrong yesterday to a charge of voluntary manslaughter, and was sentenced to one year. His sentence will begin when his present sentence terminates, and altogether he will have to spend about two more years in the penitentiary. He was originally sentenced from this county to serve five years for robbery.

District Attorney F. C. Loofbrow recommended clemency in the manslaughter case. From the facts, so far as he was able to learn them, Peteline, who was the younger and stronger of the two men, started the trouble. Gordon struck him with a club, and he sank like a log. Seeing what he had done, Gordon picked him up and carried him into the washroom where he tried to revive him, but without success.

Gordon was charged originally with murder in the second degree. No witnesses could be produced against him, however, except convicts, and Mr. Loofbrow expressed doubt as to whether any jury would convict in the evidence of such witnesses. There was nothing about the case to indicate any intent to commit murder. Apparently the judge, Gordon had been a good prisoner prior to the trouble. He lost all his time for good behavior as a result of the killing.

ASK FOR A RECEIVER.

Stockholders in Giles-American Concern Complain.

H. C. Chapman, G. C. Fuller and E. E. Hoyt, minority stockholders in the Giles-American Mercantile agency, a collection concern, yesterday applied for the appointment of a receiver for it. They allege that it owes \$2,000 in collections which it is unable to pay to its clients; that its assets are only about \$1,500, and that its liquid expenses are greater than its income.

The complaint charges W. Benjamin Putnam, the manager with running too expensive an office, with wasting the funds of the concern and with habitual drunkenness. He refuses to resign, they allege, and they are unable to oust him because he owns a majority of the stock. Judge Morse signed an order citing the complaint to show cause on Sept. 23 why a receiver should not be appointed.

PICKLE FACTORY ATTACKED.

Injunction Suit Brought to Restrain Alleged Nuisance.

Giovanni Cereghino yesterday brought a suit to restrain the Mount Pickle company from dumping refuse into the streets and ditches in the vicinity of Third West and South Main streets. The complaint alleges that the company is constantly dumping brine, beans, pickles and vinegar into the streets and creating a nuisance. Judge Morse issued a temporary restraining order returnable Saturday morning.

Under arrangement with the city council the pickle factory is to construct a drain to empty its refuse into the Ninth South street canal. Apparently the drain is not being constructed fast enough to suit the plaintiff in the injunction case.

WOULD RESTRAIN DURAND.

Another Victim of His Court Applies for Relief.

W. J. Moore yesterday applied to the district court for a writ of prohibition to restrain C. F. Durand, the notorious Murray justice of the peace, from taking any action in the case of Moore vs. Durand, rendered against Moore. Suit was brought against Moore by Hensley & Emsley on May 21, 1906. Moore made a special appearance and attacked the jurisdiction of the court on the ground that he was not a resident of Murray. Notwithstanding standing that, however, Durand proceeded to enter judgment against him. Moore asks for \$200 damages. Judge Lewis issued a temporary restraining order.

VAN COTT IS ACQUITTED.

Jury Exonerates School Principal for Whipping Boy.

Marion Van Cott, principal of the Waterloo school, was acquitted by the jury in Judge Armstrong's court yesterday of the charge of inflicting cruel punishment upon Wayne Walker, aged 9 years. The alleged offense was committed Dec. 14, when Van Cott strapped the boy four times in one day because of disobedience to his teacher in the police court. Van Cott was convicted. He appealed to the district court. His trial lasted two days and the jury took less than ten minutes to arrive at a verdict of not guilty.

Court Notes.

Judge Morse will set cases for trial tomorrow morning at 9 o'clock.
L. P. Judd was yesterday given judgment against C. R. Kern et al. for \$7.50 with interest at 8 per cent from July 1, 1905.

Judge Ritchie will hold a law and motion day today, and will hold another Saturday if all matters are not disposed of today.

The Pacific coast company yesterday sued Andrew Amundsen et al. to foreclose a lien for material amounting to \$81.27 on a house in Aetna addition.

Angela Mazucheli yesterday brought suit against Joe Mazucheli for divorce on the ground of failure to support. They were married in Italy Oct. 19, 1898, and have five children, the eldest of whom is 20 years old. The wife charges that her husband has failed to provide for her for over two years.

In the divorce suit of John H. Horr vs. Sarah A. Horr, Judge Morse yesterday made an order giving the mother the custody of the minor children during the pendency of the action, directing the husband to give his wife \$4 a week in money, and ordering him to arrange for credit for her to purchase groceries and to pay her rent. They are the parents of triplets.

FINDS DEATH ACCIDENTAL

Coroner's Jury Holds That Daniel Wood's Death Was Not Fault of Carl Redman.

The verdict of the coroner's jury in the inquest over the body of Daniel Wood, who was killed under the wheels of an automobile Wednesday morning as it was being backed out of the Sharnan-Ottiger garage, 5 years of age, was that the death was accidental without fault upon the part of anyone.

Carl Redman, the chauffeur, who was arrested on the charge of involuntary manslaughter, was a witness at the inquest and he will probably be discharged when his case is called at 10 o'clock this morning before Judge C. B. Diehl.

The jury was composed of G. M. Lewis, Alex. A. Gemmill and W. R. Foster. The inquest was conducted by Justice of the Peace Dana T. Smith.

Redman was arraigned yesterday morning before Judge Diehl on the charge of involuntary manslaughter. He took the statutory time to enter his plea and his case was set for 10 o'clock this morning.

RAILROAD NOTES.

J. H. Clements, George Gould's associate in western railroad enterprise, leaves today in private car A-1 for Portland, where he will continue his study of western railroad conditions and possibilities. Among the many propositions said to be working out in Gould's brain is a line to Portland from the western Pacific. A connection would be made near Winnemucca, Nev., and a line run through Willamette valley.
